

STUDENTS ENTREPRENEURSHIP TRAINING

IN THE PHOTOS: A child from Awaqi Education, a social enterprise run by Adane Firde and supported by Reach for Change.

Awaqi Education uses practical teaching methods to instill innovation in kids by providing an Ethiopian-based afterschool program that teaches Science, Technology, Engineering and Mathematics (STEM).

Adane believes in creating an innovative and creative future workforce by teaching children science and technology.

He aspires to create the most innovative, interactive, student-driven tech-focused and practical STEM center in Ethiopia.

CALLING ALL STUDENTS AT ASSOSA POLYTECHNIC COLLEGE

**Embrace infinite
possibilities by
building an
entrepreneurial
mindset for success!**

Are you a student at Assosa Polytechnic College? Do you, like Adane, have a passion for innovative solutions to societal problems? Are you interested in gaining an entrepreneurial mindset and learning business skills? Then apply to the Students Entrepreneurship Training Program!

During the training, selected students will gain knowledge in product design, be trained in financial management, be coached to develop an entrepreneurial mindset, and will receive practical steps to starting a small business. Students will also receive Certificates of Participation and being a part of this training will increase their chances of being selected to the Reach for Change Innovation Lab Program.

The eligibility criteria for Bootcamp participants is:

- The student must be learning at the Assosa Polytechnic College
- The student needs to be in the graduate class

In addition to the eligibility criteria, students must:

- Have an interest in self-employment
- Commit to participating in the training, must allocate time to complete the training, and must fulfill all course/training requirements

Apply by filling out the Application Form by March 12 2021, to get a spot in the Students Entrepreneurship Training Program. Visit:

FREQUENTLY ASKED QUESTIONS

What kinds of students are you looking for?

We are looking for students that are:

- Learning at the Assosa Polytechnic College
- In the graduate class
- Aspiring to start their own business
- Ready to commit their time to fully participate in the five day entrepreneurship training

How can I apply for the Students Entrepreneurship Training?

- You can apply by visiting the Reach for Change Ethiopia website and filling out the application form, available in English or Amharic. The application form must be submitted by March 12, 2021.
Visit: ethiopia.reachforchange.org/en/apply/students-training
- You can also get the application form available at the Assosa Polytechnic administration office, fill it out and submit it to the secretary.

What kind of support will I get if I join the program?

During the training, selected students will gain knowledge in product design, be trained in financial management, be coached to develop an entrepreneurial mindset, and will receive practical steps to starting a small business.

Students will also receive Certificates of Participation and being a part of this training will increase their chances of being selected to the Reach for Change Innovation Lab Program.

Who will decide who gets into the Students Entrepreneurship Training?

After applications have been screened and assessed, shortlisted applicants will be selected to take part in the program by selection committee members. The selection committee will be made up of representatives of GIZ, Reach for Change, Assosa Polytechnic and other organisations and individuals with relevant expertise.

What happens after I apply and submit my application?

All applications are reviewed and you will be notified via email, telephone or Assosa Polytechnic notice board to let you know if you have been selected to join the program.

What is the last date to apply for the Students Entrepreneurship Training Program?

March 12, 2021

If I get selected, what obligations will I have?

You will be required to attend all five days sessions without being absent. You will also be required to come up prepared everyday based on the detailed plan of the Entrepreneurship Program.
